

LAKSH NIHAL

CONTENT CREATION | DIGITAL MARKETING | WEB DEVELOPMENT

123 Anywhere St., Any City | +91 9891000361 | lakshbeans@gmail.com

PROFILE

Curious, creative, and always looking to turn ideas into something real. I enjoy building websites, experimenting with digital content, and exploring how technology, creativity, and marketing come together. I've worked on web projects and local digital promotions, and I'm currently expanding my portfolio through hands-on creative and digital projects. Looking for an opportunity to learn from a real team, contribute creatively, and grow through practical experience.

EXPERIENCE

Digital Brand Development

Web Development • E-commerce • SEO • Content

DRIFTEES Clothing| 2024 – 2025

- Designed and developed a website for an independent clothing brand.
- Worked on website structure, layout and content to create a clean online storefront.
- Worked directly with the brand to understand its products and present them effectively online.
- Managed basic SEO, including on-page optimization and search-focused content.

Digital Promotion & Advertising

The Pragati School| 2025– 2025

- Assisted with local digital advertising campaigns to promote school admissions.
- Helped create and manage promotional content for online campaigns.
- Worked with local audience targeting and digital promotion.
- Gained hands-on experience with campaign-based marketing and online promotion.
